Maggie Scott : Scottish Place Names (Say It in Scots) before purchasing it in order to gage whether or not it would be worth my time, and all praised Scottish Place Names (Say It in Scots):

0 of 0 people found the following review helpful. Four StarsBy KTD Describes the weather in the PNW rather well.1 of 1 people found the following review helpful. Distilled but digestible Scottish...By Robert F. Rautkisjust like the whisky. I was sent this little gem as a Christmas present from my Scottish girlfriend who knows I love geography and philology. It tells you just enough without being arcane with academics. The place name terminology apply here in the good ole U.S. of A. as well as over there.I like to look at maps and travel books to mentally image a place, even if I don't visit (frequently I do.) The origin of place names is ancient and romantic and further crystallizes my travel fantasies.I started with 'thumb-through' intentions and ended up reading this cover to cover.

Maggie Scott takes the reader around the country from Dumfries to Shetland to explain the meanings of the places that make up today's Scotland.

About the AuthorDr Maggie Scott is a Senior Editor for Scottish Language Dictionaries and an Honorary Research Fellow at the University of Glasgow. She is the author of the 'Scots Word of the Week' column in The Herald and is editor of the journal of the Society for Name Studies in Britain and Ireland.
