**Chris Robinson : Scottish Wildlife (Say It in Scots)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Scottish Wildlife (Say It in Scots):

In 'Scottish Wildlife', Chris Robinson introduces you to big beasts, wee beasts, creepy crawlies and our feathered friends and will inform and entertain as she explains how they got their names, where to find them and how to recognise them.

About the Author Dr Chris Robinson is the director of Scottish Language Dictionaries. She studied English Language and Literature at the University of Edinburgh and has taught Scots and English since the 1980s. She currently lectures

for the University of the Highlands and Islands.
