DK Publishing : Seville Andalusia (Eyewitness Travel Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Seville Andalusia (Eyewitness Travel Guides):

3 of 3 people found the following review helpful. Good book for AndalusiaBy Ray TI read 2 generic "Spain" travel books and one additional book on Andalusia prior to our recent trip (I was the nominated "planner.") We decided to take the Eyewitness Travel Guide because it was focused and had very good information. This book has more information on Seville than other areas of Andalusia, but even the other areas were adequately covered. We used the book primarily for Seville, but also for Granada and Cordoba. The maps and illustrations were especially helpful. As we booked hotels prior to departing, we can offer no comments about the hotels section. Similarly, not been classical "foodies" we liked to wander and look for a place when we got tired and hungry. These eating/sleeping strategies worked well for us, so the maps, info, pics and history made this book great for our purposes: deciding what we wanted to see, knowing it when we got there, history etc. One minor issue, the way opening dates/times are arranged was confusing to me. In one instance a closing time was listed incorrectly, but I'll take the blame for not checking it out beforehand. The generic sections (types of food, transportation etc.) on travel in Spain were also helpful, although one of the other travel guides (Rick Steves) did a much better job. All-in-all, with the benefit of knowledge from other books, it was a good choice to take this one along.9 of 9 people found the following review helpful. Lovely but not so informativeBy J. B. WolferAs is true of DK's Eyewitness books, this book is full of fantastic pictures. It's great to wet one's appetite, but doesn't really have enough meaty information to help one prepare to visit Andalusia. It's one saving grace: great maps. I recommend this book, but not alone. This is a great companion to The Rough Guide to Andalusia.0 of 0 people found the following review helpful. seville spainBy tmthinking about travelling to my girl friend's former country --i need a book to help us see what we were going yo do--this book is perfect, with color pictures and maps --it is wonderful--

DK Eyewitness Travel's full-color guidebooks to hundreds of destinations around the world truly show you what others only tell you. They have become renowned for their visual excellence, which includes unparalleled photography, 3-D mapping, and specially commissioned cutaway illustrations. DK Eyewitness Travel Guides are the only guides that work equally well for inspiration, as a planning tool, a practical resource while traveling, and a keepsake following any trip.Each guide is packed with the up-to-date, reliable destination information every traveler needs, including extensive hotel and restaurant listings, themed itineraries, lush photography, and numerous maps.
