Five stars for the Seychelles islands and to Sarah Carpin By Dalton C. Rocha I read this excellent book, here in Brazil. This excellent book has more than 200 photos with colour and some good maps also with colour. The woman that wrote this book, Sarah Carpin, made an excellent book. Please, I don't have money to go

to the Seychelles islands, but I live in a Brazilian city with an ocean similar to these islands' ocean. I saw dozens of beaches, but the Seychellian beaches with photos in this book are excellent. The text of this book is also excellent. 0 of 0 people found the following review helpful. Five Stars
