As a result you have difficulty locating the appropriate pages to follow on as you travel and for someone who relies on it while traveling it is a distinct disadvantage. Plus, the grids should be referenced in a manner that allow the reader to have a clear understanding of where they are on the map and more to the appropriate corresponding pages. Very hard to read names / road numbers. Not very useful. By Y. Erlichman. Very hard to read names / road numbers. Not very useful. 3 of 3 people found the following review helpful. A nice atlas .. well done. By Electronics Whiz. Great atlas, nice maps, well symbolized. The smallest type is a bit too

small to me, but it's clear and readable. Page thickness is good.
