By ebs63 Maps were delivered promptly; however, they were not useful while we were traveling in Slovenia. Found them difficult to read and understand the details. We had them on the trip, referred to them several times, and never used them for getting anywhere in Slovenia. 0 of 0 people found the following review helpful. Three Stars
By DrMarlene Great map except for the upper left corner where the advertisement logo obscures the area. 0 of 0 people found the following review helpful. Five Stars
