Triglav National Park - Kranjska Gora - Planica - Bled (Slovenia) 1:35,000 Hiking Map FB 9783707904949 A clear map highlighting walking routes, covering much of the Triglav NP, excluding the southern and eastern extremities. The cartography used is an enlarged version of an original 1:50,000 map. Coverage extends from Bohinjska Bistrica in the south east corner to Ratece in the north and the westernmost extremity of the park. A small inset displays the environs of Bled Gorje, a little further to the east of the main map area. The area shown is thus smaller than that in the Julian Alps (WK141) map at 1:50,000 by the same publisher. Relief is shown by contours at 20m intervals, spot heights and hill-shading. Communication detail includes bridle paths, railways, funiculars, cable cars, ski lifts. Highlighted walking routes distinguish waymarked paths, partially marked routes and "difficult" routes. Symbols depict such details as campsites, bus stops, mountain cabins, car parks and various other landmarks. Map legend includes English. An accompanying index booklet provides notes on mountain huts, suggested walks and places of interest, in German only.
