From Komshe : Snippets of Serbia before purchasing it in order to gage whether or not it would be worth my time, and all praised Snippets of Serbia:

1 of 1 people found the following review helpful. I absolutley love it!By Ronald M. PayokI absolutley love it!!! I took it to a family reunion and we had so much fun. When you are serbian,religiously culturally and spent time there visiting and being tourists, you have memories and this book brings back snippets of memories and it is just fab!!! already have relatives who are planning to purchase!!!!.1 of 1 people found the following review helpful. Loved the illustrationsBy CoolNadaYes. I was thoroughly entertained. I laughed so many times because of the truth In the book. She captured our Serbian Idiosyncrasies of which we are proud. I kept saying to myself, so true, so true. Loved the illustrations.1 of 1 people found the following review helpful. Five StarsBy DBexcellent and as advertised

An American artist chronicles her life in Serbia. This is Emma Fick's illustrated journey through the weird, the fun and the unique adventures to be experienced across this small Balkan country. Emma's book is a labour of love by an aspiring young artist that captures the sense of being in a moment. She beautifully conveys so much of Serbia's culture through a blend of playful illustrations and poignant written comments. Even locals gasp at how accurately she conveys the everyday aspects of Serbian life that are usually taken for granted or overlooked.
