MontgomeryI bought this book in Mississippi from the author's brother, because I was interested in the art and wanted to support a local artist. That being said, when I got the book home and really got a chance to look at it, I just fell in love with it! The art is amazing, the recipes are fabulous and the stories are charming! I think this book would make excellent gifts, and I'm going to be purchasing several more copies of it! Thank you, Paul Canonici for this fantastic offering, and to David Canonici for introducing me to his work!

Cookbook with wonderful illustrations.
