Domino Bulgaria : Sofia (Bulgaria) 1:19,000 Street Map by DOMINO, in English by Domino Bulgaria (2015-12-20) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sofia (Bulgaria) 1:19,000 Street Map by DOMINO, in English by Domino Bulgaria (2015-12-20):

3 of 4 people found the following review helpful. Too large and too detailed for tourists. By Dennis Zeunert This Sofia map is very large and tricky to fold. It's more for a resident and very difficult to reference while walking. The back side presents the downtown area which may suffice for tourists. I only found it useful when studying it in my hotel room before embarking. It would be very useful for someone planning a lengthy stay, since it lists extraordinary details, such as embassies, hospitals, pharmacies, hotels, etc.

Sofia (Bulgaria) 1:19,000 Street Map by DOMINO, in English, 2014 edition, authentic Bulgarian cartography Street plan of Sofia at 1:19,000 plus downtown enlargement at 1:8,000, with public transport routes, and an extensive gazetteer of hotels, services, places of interest, etc. All street and place names are latinized, text is in English. On one side is an indexed street plan of the city, including its international airport, showing tram, trolleybus and bus routes with stops and line numbers, and annotated with symbols highlighting locations of various facilities. Streets show selected house numbers for easier identification of addresses. Also provided is a map showing the city's transport zones and minibus taxi routes. On the reverse is an enlargement of the city centre, extensive street name index, plus a

gazetteer of various facilities and services, including hotels and other accommodation, embassies and consulates, shopping and business centres, cultural institutions, etc. Map legend and all the information is in English. Authentic, updated and reliable Bulgarian cartography.
