Roger Williams : Southern Italy (Insight Guide Southern Italy) before purchasing it in order to gage whether or not it would be worth my time, and all praised Southern Italy (Insight Guide Southern Italy):

3 of 3 people found the following review helpful. Good general overview By Carol's Sister I took my first trip to Italy this summer to meet my husband's family (both of his parents are from the village of Grotteria), and wanted to see what else was available when we were not involved in visitng. While staying with his aunt in Reggio di Calabria and visiting with her daughter and husband this book would suddenly be taken over by Pepe (son-in-law) to check out what was being said about his home. His English is minimal, and to call my Italian anything but minimal would be

hopeful, but we had a great time checking out the pictures and getting a thumbs up or thumbs down on places to see. What was equally amazing to me was that there were sights mentioned in the book (specifically Gerace) that none of the family had ever been to see. (Made me the heroine the day we went there.) This is not a book for those who want an in-depth look at the area, but is a good jumping off point. 6 of 6 people found the following review helpful. Wanted More Information By Peluna We purchased this guide as it was the only guide available for Southern Italy and we were travelling to Puglia. There were some great pictures and interesting history section but overall almost no practical information. We tend to go off the beaten path (lots of opportunities for this in Puglia) and found very little helpful information in this book. We ended up using the Rough Guide to Italy instead. 1 of 1 people found the following review helpful. If you are traveling to Southern Italy...this will help By MICHELLE WELCH It is hard to plan a trip to Southern Italy, most the books are about northern Italy. I took this book with me on my trip and it definitely helped with many different towns.

Insight Guides, the world's largest visual travel guide series, in association with Discovery Channel, the world's premier source of nonfiction entertainment, provides more insight than ever. From the most popular resort cities to the most exotic villages, Insight Guides capture the unique character of each culture with an insider's perspective. Inside every Insight Guide you'll find: .Evocative, full-colour photography on every page .Cross-referenced, full-colour maps throughout .A brief introduction including a historical timeline .Lively essays by local writers on the culture, history, and people .Expert evaluations on the sights really worth seeing .Special features spotlighting particular topics of interest .A comprehensive Travel Tips section with listings of the best restaurants, hotels, and attractions, as well as practical information on getting around and advice for travel with children
