I have spent lots of time in Spain helping a friend work on their villa. These photos bring back special memories to me as I changed "photos" with each passing month! The price is exceptional compared with the same product as priced in bookstores. 0 of 0 people found the following review helpful. Nice Calendar By Movie Fan My daughter will be studying in Spain during her last year of college. I buy these calendars for her each Christmas to help remind her of her plans to study in Spain. 0 of 0 people found the following review helpful.
