**Jimmy Burns : Spain: A Literary Companion (Santana Classics)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Spain: A Literary Companion (Santana Classics):

0 of 0 people found the following review helpful. A great introduction to SpainBy Tom KingI've yet to visit Spain (reading the literary companion is part of my preparation), but I can't imagine a more painless and enjoyable way to get acquainted with the country.0 of 0 people found the following review helpful. InterestingBy Antonio Garcia MorillaIt is a must if you are interested in Spanish culture. Clearly explained and straightforward in style. If you like

literature and Spanish, do not doubt it a minute.

Part personal travelog, part anthology. Highlights include: Battlefield experiences, from Wellington to the Spanish Civil war; Tributes to Spain's three cultures-Christian, Jewish, and Muslim; The joys and pitfalls of Spanish food and wine; The enduring nature of regional identity; The passion of flamenco; Bullfighting, as loved and hated through the years; How tourists changed certain parts of Spain; The endurance of the Spanish soul.

About the Author Jimmy Burns, a veteran journalist and author, takes advantage of his Anglo-Spanish background in this compelling narrative.
