Honestly, this is the first time that I will be using a travel book guide coming from an author that is new to me. To my surprise it never disappoints us! The author points out what we should see and what we "might" want to see, giving us a good overview before we embark on an adventure. I'm so glad that I purchased it. Thanks to the author!0 of 0 people found the following review helpful. We

We all know that SPAIN is a beautiful country that have amazing people. I grab this book because my husband and I are planning to go to SPAIN but of course, we want to have a good guidance and proper knowledge if we were going to SPAIN since its our first time. I like this book because it tackles well how the SPAIN is beautiful, what places we should visit, hotel, restaurants and much more. This book is entertaining and captivating. I really enjoy reading it.
