Spain Portugal 1:900,000 Travel Map, waterproof REISE This map is waterproof and tear-resistant, durable enough to survive time spent in the rucksack, pocket or on a restaurant table. It is double-sided to provide the best balance between a good scale and a convenient sheet size (size 100 x 70 cm / 39.5 x 27.5 in) with topographic and tourist information. The map covers the whole Iberian Peninsula. Road and rail networks are easy to see on a clear base which presents topography by altitude colouring with contours, spot heights, mountain passes and names of mountain ranges. Road network includes local roads and gives driving distances on main and secondary roads. Internal administrative boundaries are shown with names of the provinces. National parks and protected areas are shown and symbols indicate other places of interest, including campsites, archaeological remains, castles, viewpoints, beaches, golf courses, etc. The map has a grid with latitude and longitude. Map legend includes English, an extensive index of localities is provided.
