Nick Inman, Mary-Ann Gallagher, Josephine Quintero : Spain (Eyewitness Travel Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Spain (Eyewitness Travel Guides):

0 of 0 people found the following review helpful. Beautiful Guide! I've always been a fan of these guides, and this one certainly doesn't disappoint. By Jennifer Saurenman It's such an easy guide to use. All of the important practical, safety and health info is organized in one place. Cities organized by region, with plenty of color maps for each of the major city centers (including metro maps where applicable). The book is packed with color photos and great illustrations of some of the more famous sites, explaining layout and architectural details for the illustrations. The overview about the country is very well written, but "The History of Spain" is one of my favorite sections. It is a fantastic condensed history book and has a neat illustrated timeline to help you remember who different people were and the events that shaped Spanish history. 0 of 0 people found the following review helpful. These are not always the best guides in terms of information or picking routes to ... By pnc My purpose in buying this was to get a low cost guide with lots of pictures to help me identify locations from slides taken 25 years ago. Bought the older edition to save money and it has worked out perfectly for my purpose. These are not always the best guides in terms of information or picking routes to follow when you're laying out your own itinerary, but they offer the unique advantage of giving you a good visual idea of what you are going to see - or in my case what I saw 25 years before. :-)

0 of 0 people found the following review helpful. two stars By Christine Stillwell Not a travel guide, but possibly useful if you want to travel-browse, and get an idea of whether or not to visit. For your trip, get Rick Steves' book.

DK Eyewitness Travel's full-color guidebooks to hundreds of destinations around the world truly show you what others only tell you. They have become renowned for their visual excellence, which includes unparalleled photography, 3-D mapping, and specially commissioned cutaway illustrations. DK Eyewitness Travel Guides are the only guides that work equally well for inspiration, as a planning tool, a practical resource while traveling, and a keepsake following any trip.

Eyewitness wins hands down The Mail on Sunday
