They are enlarged and pixelized. I really wish I had read the other review before purchasing this item. should remove this low quality product. I could have made this calendar myself; it's very amateur.3 of 3 people found the following review helpful. DisappointingBy Lantana, FloridaThe photos are not identified. If you haven't been to Spain you'll have no idea what you're looking at. If you've been to Spain, you may recognize 2 or 3 photos. And many photos are generic-they could have been taken anywhere. Some of the photos look like they were taken in a heavy fog or through a smudged lens. Some look like a cross between a photo and a bad painting. If you're looking for a calendar with photos of Spain, there are better options.

Fill your upcoming 2017, with 16 months of Spain all year round. This beautiful mini calendar contains 16 months and 3 mini 2016, 2017, and 2018 year calendars.
