It would be perfect for pre planning a driving trip around Spain.0 of 0 people found the following review helpful. Dreaming of PortugalBy Beth WilliamsonI have been to Spain twice and am now thinking of what I want to see in Portugal.This map will be very helpful.

Folded road tourist double-sided map of Spain and Portugal at 1:700,000 scale. Includes an index of placenames and insets of major Spanish and Portuguese cities in a 48-page booklet, making this title a superb travel and reference map. The map is accurate and features shaded-relief coloring to depict topography. Major roads and highways, railways, ferry lines, historic sites, places of interest, camping sites, airports, and distances in kilometers are shown. Detailed city insets include Barcelona, Lisbon, and Madrid.
