In this fascinating journey through Spain, readers experience the natural and manmade beauty that make this country

one of the most popular destinations for travelers. Hundreds of full-color photographs transport us to modern cities such as Barcelona and Madrid as well as cities such as Malaga, Toledo, and Segovia that bear stronger traces of Roman or Arab domination, medieval grandeur, and the colonial flavor of Spain's past. From the beaches of Costa Brava to the plateau of La Mancha, from its superb art treasures to its vivacious people, Spain comes alive through a vibrant text that provides fascinating insights into the country's artistic, architectural, natural, and human legacies.
