Louise Brealey : Spain. before purchasing it in order to gage whether or not it would be worth my time, and all praised Spain.:

The only independently inspected English-language accommodation guide to small and charming hotels with colour photos. No hotel pays to be in the guide. Continuing the series relaunch, Spain now joins the "Charming Small Hotels Series" alongside Britain, France and Italy with beautifully redesigned insides and a larger format. There are many new entries: "Like all Charming Small Hotel Guides", it is highly selective. Every entry is more than just a bed for the night: it's an experience, worth planning a holiday around, or going out of your way for.

About the Author Fiona Duncan writes the weekly Hotel Guru column in The Sunday Telegraph can claim to be the most respected hotel writer in Britain.
