Kate Hill : Spanish Style before purchasing it in order to gage whether or not it would be worth my time, and all praised Spanish Style:

0 of 0 people found the following review helpful. Beautiful!By CustomerAbsolutely beautiful book, so many gorgeous color photos! Thanks for a great deal and all the great ideas I was able to achieve through it!12 of 12 people found the following review helpful. Not just adobe and "southwest" colors...By J. SalzensteinAs it's made quite apparent in this beautifully produced volume, there's much more to Spanish-influenced design than simply the use of adobe, curved tile roofs, and "southwestern" colors- although you'll certainly find a bit of all of those things here. Spanish Style is a gorgeous coffee table book that presents beautiful, diverse designs inspired by Spain. From classic to contemporary, this book proves that Spanish style can be tailored to every lifestyle and (design) preference.Spanish Style presents nearly two-dozen inspirational examples of notable architecture, from small private apartments, houses, and haciendas to sprawling estates and resorts. The diversity is impressive- and will certainly surprise readers unfamiliar with modern Spanish style. Each entry includes a bit of background on the owner(s), the architect, designer, or firm, design goals, inspirations, purposes for the space, and any design limitations.Of course the highlight is the photography.With about six pages devoted to each residence or hotel, there is plenty of room to explore both the overall design as well as myriad details. The presentation and layout is clear, crisp, and effective, showcasing these magnificent examples and truly letting their many fantastic elements shine. For anyone with an interest in Spanish design and architecture- or

fans of contemporary design open to new perspectives- this is an extraordinary volume; one that would make an excellent addition to a coffee table or wall of books.

Features 23 distinctive homes and boutique hotels, concisely described by travel and design expert Kate Hill. Includes 500 specially commissioned images by celebrated interiors photographer Tim Clinch.
