before purchasing it in order to gauge whether or not it would be worth my time, and all praised Special Places to Stay Croatia (Alastair Sawday's Special Places to Stay Croatia):

This guide shows the independent visitor to Croatia some truly special places to stay, covering the whole country including the mainland and the islands. You'll find some 200 hotels, guesthouses, and villas, all of them charming, welcoming, and special by virtue of their decor, their location, and the people who run them.

About the Author Alastair has been publishing the Special Places to Stay guides since 1994. His travel publishing company was born of a successful tour company that took groups on off-the-beaten-track trips across Europe. An avid environmentalist (founding Avon Friends of the Earth and currently a trustee of the Soil Association), he is keen to encourage B&B and hotels owners' 'green' credentials, by celebrating their use of organic and local food. Alastair Sawday Publishing offsets its carbon emissions and strives in other ways to be as green and as ethical as possible, for example by printing on recycled paper. Lisa Plumridge is an experienced travel editor who has lived in various European cities. She has recently fallen for Croatia and produced this guide with determination and gusto.
