Julian Shuckburgh : Spectacular London before purchasing it in order to gage whether or not it would be worth my time, and all praised Spectacular London:

3 of 3 people found the following review helpful. book reviewBy John PierogGreat coffee table book. Great memories for anyone who has been to London. May give someone places to visit on next trip to the city.

Much more than Buckingham Palace, Big Ben, and double-decker buses, London is a vast and ancient city with a rich history and present - and evidence of this can be found everywhere within its streets. Spectacular London captures this complexity, employing historical information, descriptions of various areas, and a dazzling array of images that celebrate each destination's character. Also included are sections on the city's cultural and artistic heritage and the daily life of its diverse population. Features color photos throughout.
