**Tom Morton : Spirit of Adventure: A Journey Beyond the Whisky Trails** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Spirit of Adventure: A Journey Beyond the Whisky Trails:

0 of 0 people found the following review helpful. Great FunBy ConchscooterWhat an astonishing read this is! I am no great fan of whisky, Scottish or otherwise but I am a fan of good writing and this book is funny written through the eyes of a smart and witty observer of life. The author takes off on a Scottish tour powered by a sidecar pushed by an elderly MZ East German motorcycle. He encounters foul weather( of course) and many myriad whiskies. In between wry observations of life the author imparts useful information with a robust sense of the ridiculous. A very good read.Please note the text is photographed for the Kindle version and it takes a double click on each page to make the print legible for these old eyes. The format is off putting at first but don't worry its easy to get used to and very well worth reading.0 of 0 people found the following review helpful. Good book, but Kindle is a waste of money.By SteppenwolfA very amusing and witty book, totally wrecked by buying it as a Kindle book. Each page of the e-book is cut in half in the middle. The cut removes one or more lines, making it totally unreadable.The Kindle App for PC insists on laying the text sideways, making it totally unreadable, and the text size can not be changed.

Mounting his motorbike, with a guitar in his side-car, the author set off to visit every malt whisky distillery in Scotland in order to find the best whisky in the country. This is the story of his travels and of the people he met along the way.
