Stara Planina Central Part East #2 (Bulgaria) 1:50,000 Hiking Map, GPS-compatible DOMINOStara Planina is a mountain chain stretching east / west across Bulgaria. This map, "Central Stara Planina Mountains #2: Eastern Part, Uzana to Vratnik", covers the mountains from just west of the Uzana massif, the geographical centre of Bulgaria, eastwards to the peak of Vratnik. It is a large, double-sided, contoured map with highlighted hiking routes. Topography is shown by contours (interval 20 m) with additional relief shading and graphics and colouring for sandstone stacks, single rocks, marshlands and different types of woodlands.Road network is graded according to width, indicates locations of petrol stations, and includes local country tracks and paths. Railway lines are shown with stations. An overprint highlights hiking routes indicating their waymarking. The map can be used to follow the local section of the E3 trans-European long-distance route. Also marked are different types of tourist accommodation including campsites, mountain shelters and chalets, restaurants, drinking fountains and springs, etc. The map has latitude and longitude lines at intervals of 5'. Names of towns and larger villages as well as of most geographical features are shown in Cyrillic and Latin alphabets. Included is a list of mountain refuges with contact details.

Additional information provided in this title includes a plan of the ETAR architectural and ethnographic complex, with names and text in Bulgarian only. Map legend includes English. Available is also a sheet #1 for the western part of Central Stara Planina.
