Phyllis Richardson, Cristina Redondo : StyleCity Barcelona, Second Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised StyleCity Barcelona, Second Edition:

2 of 3 people found the following review helpful. decent but...By A. Lini went to visit a few of the places mentioned in this guide. one store went out of business while another was an utter disappointment. They have nice pictures of some shops and landmarks, but overall it was not a helpful book.

Completely revised and updated, featuring new entries and discoveries. This exciting series focuses on the vitality and uniqueness of the world's greatest cities. Each volume is superbly designed and produced, yet ingeniously practical, with lavish photography, easy-to-read maps, and informed and enjoyable texts. From offbeat cafés and cutting-edge restaurants to the most stylish stores, hotels, and neighborhoods, StyleCity uncovers all the special places where both locals and discerning travelers can find a vibrant urban experience. The guides are divided into two sections: "Style Traveler" identifies the most memorable places to sleep, eat, drink, shop, and relax; "Street Wise" divides the city into neighborhoods and provides convenient area maps.
