From Michelin Editions des Voyages : Suisse 2017 Michelin Guide (Hotel Ans Restaurant) before purchasing it in order to gage whether or not it would be worth my time, and all praised Suisse 2017 Michelin Guide (Hotel Ans Restaurant):

0 of 0 people found the following review helpful. A Throwback to the Great Michelin Red Guides of Old!By Virginia ReaderThis book is a throwback to the great days of Michelin guides. Now, I haven't yet tested it for ground truth, but the information density is high, the restaurant and hotel recommendations detailed, and there are a lot of listing for places to stay and eat off the beaten track. It's not just for big city tourists.The problem we found is that it is just to dam# hard to find. And the vendor shipped late.
