Any LSW fan will recognize a number of the locations from the television series. The photos in the book make one think of the great scenery shots that became a hallmark of the program.2 of 2 people found the following review helpful. "Always A Pleasant Experience"By Carol L. A travel guide to a special placeBy Michigan 73Written in Clegg's "voice" by Roy Clarke and filled with spectacular photography of the Yorkshire countryside, those who love the the geriatric adolescents of "Summer Wine" will appreciate the trip through their special place on Earth! This is a beautiful book.

The award-winning TV series "Last of the Summer Wine" has consistently topped the rating charts ever since its first appearance on our screens 17 years ago, and now summer wine country evokes in words and photographs the beautiful country which has become as familiar to us as the characters themselves. Roy Clarke, writer of the series, uses entries from Clegg's wry journal to provide a commentary o the stunning photographs by fellow Yorkshireman, Paul Barker -

which sympathetically reflect the changing moods of Holmfirth and its surrounding countryside.
