**Bill Wolferstan : Sunshine Coast (Cruising Guides to British Columbia)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Sunshine Coast (Cruising Guides to British Columbia):

3 of 5 people found the following review helpful. A Premier BC Cruising authorityBy A CustomerBill Wolfersten in this, the last in a three-volume guide to Cruising the British Columbia waters, does again a great job helping both the "Yachties" and the "Sporties" find the best places to spend an enjoyable time in BC. Bill offers a foundation of answers to: Where is it? How do I get there? and What is there? For enjoyment, he seasons this solid information with historical background and local knowledge. And finally, in case you didn't get the message from the text that Canada's BC is one of the world's best cruising ground, he drives the point home with stunningly beautiful pictures of the area. For anybody venturing into British Columbia in a pleasure boat, this book is a must-add to your collection of cruising

guides.
