Anthony Lambert : Switzerland: A Guide to Exploring the Country by Public Transport (Bradt Travel Guide) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Switzerland: A Guide

to Exploring the Country by Public Transport (Bradt Travel Guide):

This thoroughly updated edition of Bradt's guide to Switzerland offers a unique perspective on getting the most from this mountainous country travelling only by public transport – a timely release with the Gotthard Base Tunnel transforming north–south train services. Switzerland boasts the world's finest public transport network, and the Swiss Travel System is a revelation. The comfort, efficiency and frequency of train, bus, boat and cable car services explain why so many Swiss don't own cars.
