Judith Arlt, Wolfgang Arlt : Switzerland (Horizon) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Switzerland (Horizon):

0 of 0 people found the following review helpful. Switzerland book By Agape Filled Great book. Arrived on time. 3 of 3 people found the following review helpful. Fantastic photography By Maureen N. Larson Fantastic photography captures the vast beauty of Switzerland. The historical descriptions are very interesting. It expands on what we saw in our visit to this country, but also captures our favorite scenes.

Switzerland's majestic mountain panoramas, glittering lakes, picturesque Alpine villages, architectural edifices, and local landmarks spanning hundreds of years are just a few of the impressive attractions this guide showcases. The country's snowcapped peaks, the myth of the Matterhorn, city art and rural culture, avenues of palm trees, and expanses of water bathed in the crystalline light of Ticino are all captured, depicting the Swiss Confederation as one of the most unique landscapes in the heart of Europe. The region's famous culinary specialties of cheese and chocolate

are also highlighted, along with how they are created. The idyllic countryside is portrayed, right out of Johanna Spyri's "Heidi," scenically offsetting the elegance of cities such as Geneva and Zürich while the beautiful slopes of chic ski resorts, including St. Moritz and Davos, are illustrated. Displaying the country's full diversity, natural beauty, and unforgettable charm, this travel companion also covers the secret behind the holes in Swiss cheese, the traditional Swiss Carnival, and the legendary Oath of Allegiance. The panoramic trains of Switzerland's mountain railways and the country's literary history are also featured.

About the Author Roland Gerth is a freelance photographer. His photos have been published in numerous illustrated books, calendars, and journalistic reports. Judith Arlt and Wolfgang Arlt are freelance authors who have published many travel books.
