Joseph Fullman : Take the Kids England (Take the Kids - Cadogan) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Take the Kids England (Take the Kids - Cadogan):

0 of 0 people found the following review helpful. Traveling with Children to England By C. Schramm Surprisingly, there is not a wealth of published information available advising people of things to do to keep your kids happy while on vacation to the UK. This book seemed to cover the basics: where to stay, what to see, where to eat, where to seek help for medical problems. It touched on customs and traditions as well. I would like to see more books like this available so we grandparents could entertain the children and make travel across the pond enjoyable for them while being a good ambassador to the USA. 13 of 13 people found the following review helpful. Take the Kids ENGLAND By A Customer I bought this book two years ago and have now taken it on two trips to England. It's full of

really useful information and well organized. It had recommendations regarding places that other books skipped entirely - like Colchester which our family loved. There was not a single place we went to or considered going to that wasn't included, with an accurate overview and kid specific information. Definitely worthwhile.

From the Back Cover At last! a grown-up guide to child-friendly England. Fizzing with ideas, this unique, thoroughly researched book tells you all you need to know to make every family outing a thumping success - whether you're visiting from abroad, planning a special holiday, or just looking for ways of amusing yourself and the kids at the weekend. Joe Fullman and his team of local researchers offer inside advice and tips on all the essential sights, plus a ton of ideas and surprises - from fishing with gnomes at Bradworthy and touring the sewers of Exeter to floating down the River Thames on a 'frog tour'. This guide includes the best of 'mini' London - the obvious and the unexpected; top towns, regional highlights and special trips; activities for all age groups; quizzes, challenges and stories; advice on choosing your holiday; hundreds of child-friendly restaurants and hotels; detailed travel information, itineraries and color maps. (6 x 8 1/4, 592 pages, color photos, maps)
